DIRECT INWARD DIALING

1. REGULATIONS

- 1.1. Direct Inward Dialing Service to customer premise located switching systems is furnished subject to the availability of facilities and the availability of telephone numbers. This Direct Inward Dialing Service shall not be used to violate the certified rights of the Telephone Company as described in Section IV - Rules and Regulations of this Tariff.
- 1.2. Direct Inward Dialing telephone numbers are normally provided on a consecutive number basis. Direct Inward Dialing numbers may be provided on a nonconsecutive basis when such service provision is acceptable to the customer and the Telephone Company and, is within the normal limitations of the serving office. The Telephone Company retains its rights to the administration and use of telephone numbers as described in Section IV of this Tariff.
- 1.3. The service includes the serving office switching equipment necessary for direct inward dialing from the exchange and long distance message telecommunications network directly to station lines and attendant positions associated with customer-premises located switching systems.
- 1.4. The service must be provided on all lines in a trunk or Network Access Line group arranged for inward service. Routing of calls to selected numbers within the direct inward dialing number group over a separate trunk or network access line group is not contemplated.
- 1.5. The charges for the service, as provided in the following rates section, are in addition to all applicable charges for PBX trunk service with Improved Transmission Service-Voice Grade as provided in accordance with the Local Exchange Tariff and the applicable connecting arrangement charges as provided in Section VI - Miscellaneous Service Arrangements of this Tariff.

- 1.6. Operational characteristics of interface signals between the Telephone Company provided connecting arrangements and the customer provided switching equipment must conform to the rules and regulations the Telephone Company considers necessary to maintain proper standards of service.
- 1.7. The Telephone Company shall not be responsible to the customer or joint user if changes in protection criteria or in any of the facilities, operations or procedures of the Telephone Company render any facilities provided by a customer or joint user obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.
- 1.8. Direct inward dialing numbers furnished herein are \$.50 per month, per directory listing.
- 1.9. The customer premises located switching equipment must be arranged to provide for intercepting of unused numbers transmitted to the switching equipment.
- 1.10. The rates and charges for the service contemplate the use of standard Telephone Company equipment and serving arrangements.
